BASIC HTML

HTML stands for Hyper Text Markup Language. HTML is the standard markup language for creating Web pages. HTML describes the structure of a Web page. HTML elements label pieces of content such as "this is a heading", "this is a paragraph", "this is a link", etc.

- DOCTYPE html - Declares the document type and version of HTML.
- HTML - The root element of an HTML page, encapsulating all other HTML elements.
- Head - Contains metadata about the HTML document, such as the title, character set, and links to stylesheets.
- title - Specifies the title of the HTML document, displayed in the browser tab or window title bar.
- body - Contains the visible content of the HTML document,
